

## IS YOUR COMMERCIAL TRUCK COVERED TO ITS CURRENT VALUE?

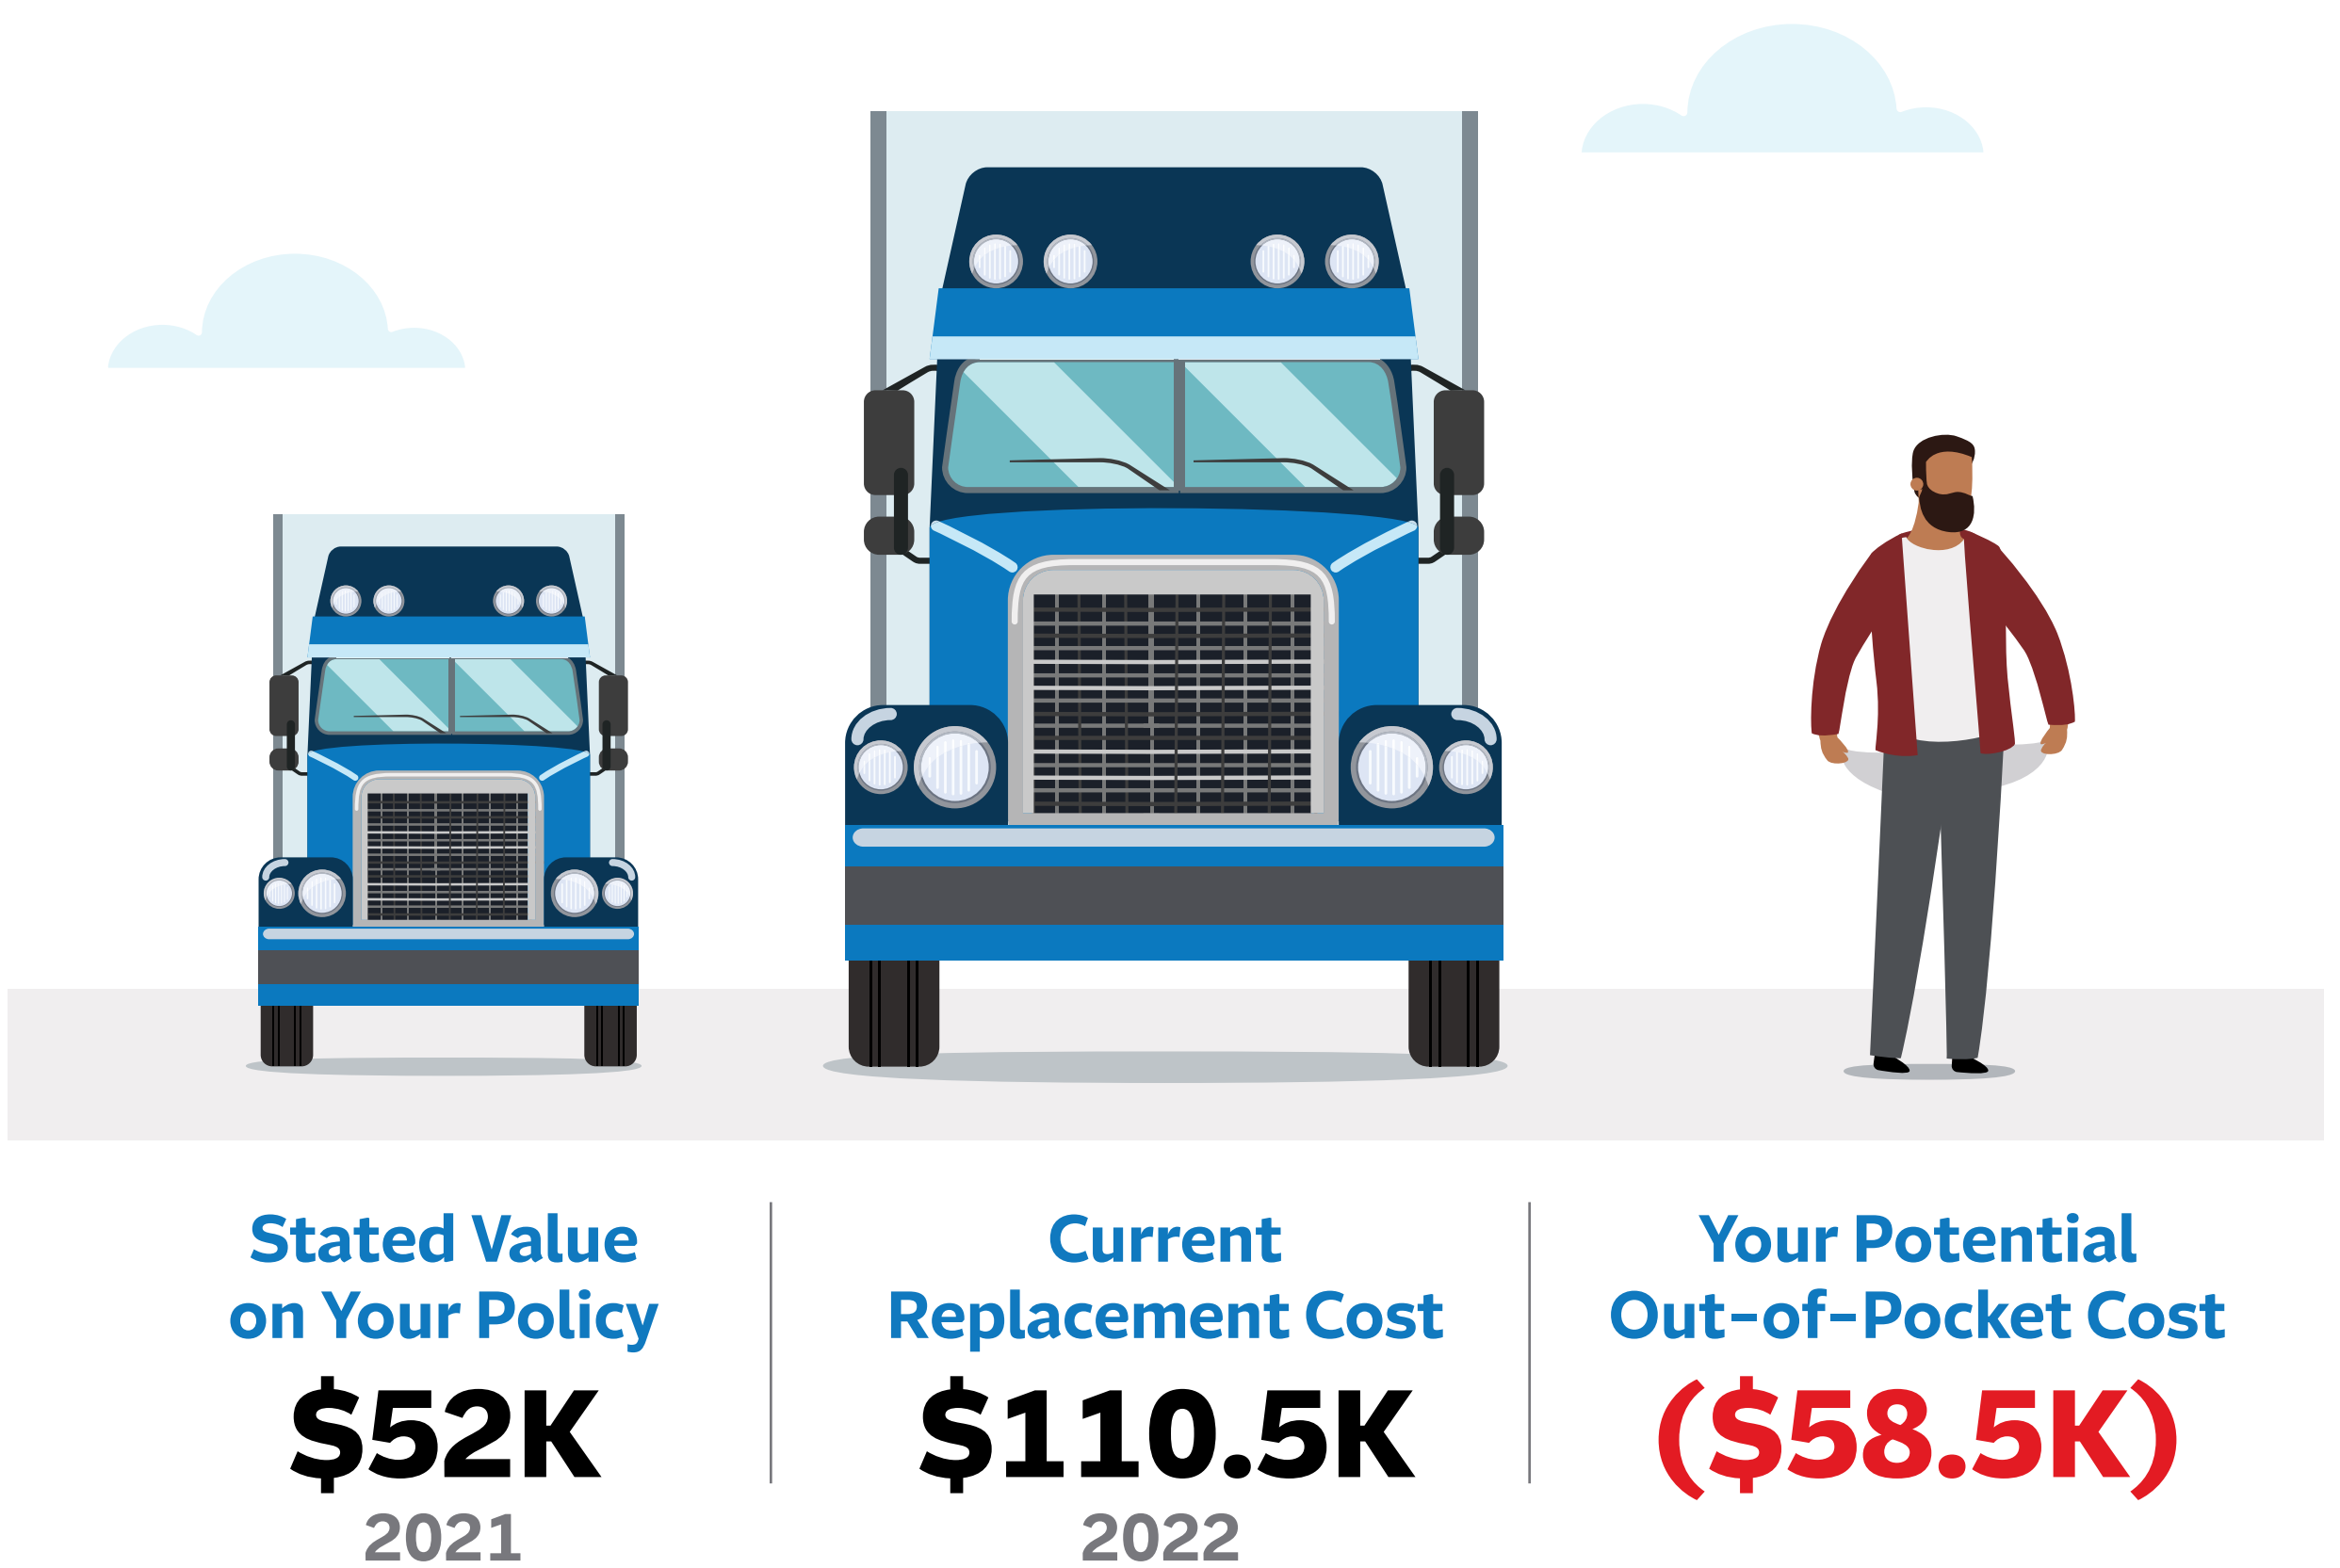

### Class 8 Truck Values Have More Than Doubled in the Last Year<sup>1</sup>

- Used truck prices have soared to record-breaking highs due to supply chain issues that have limited the availability of new vehicles.
- All Classes 4 through 8 have been affected.
- Prices are expected to remain elevated for some time.

### An Underinsured Commercial Vehicle Could Cost You a Truckload.

- A total-loss accident could cause a devastating blow to your bottom line.
- Your claim payment will be either the stated value on your policy OR the actual cash value of your truck- *whichever is less*.
- If you haven't updated your truck's stated value in the last year, your claim payment may not cover the entire cost to replace your truck.
